# Abstract Waves

The purpose of this brochure is intended to provide you with examples of the sort of designs you can find on sites like [Shutterstock](#) for use as images to be used for printing onto glass, such as splashbacks.

The images in this brochure are owned and licensed by [Shutterstock](#) and can be found using the title words of each page in this brochure or something similar within that category.

Whilst you can source the images yourself by visiting [Shutterstock](#), it is important to note that the cost for back-printing images onto glass does include the cost of purchasing the required image.
